

---

This tale tells the story of three friends, ten-year-old Yashoda who is a triplet and about to turn 11, her younger brother Yogi who's just born, and their father. The film is primarily a coming of age journey as the three children learn about life from each other and their parents. Along the way they find a utopian island where animals live free from human interference, but it is so far away from civilization that the only way back home for them is to travel on foot all around India. The film documents their journey to this island, including the positive and negative experiences they face along the way. The film was shot over a 12-day period in Pithoragarh, Uttarakhand, India. This is the story of Yashoda (10), her little brother Yogi (6) and their mother who are on an adventure to find a world where animals live free from human interference. This is a coming-of-age story about children discovering who they are, where they came from—and what they want to become. This film documents their journey to the island of Nila Battey Sannata, where they learn that you can't get something for nothing. Nil Battey Sannata is a film about children discovering who they are, where they came from—and what they want to become. It is a coming-of-age story about children learning about the world and themselves. The film documents their journey to the island of Nila Battey Sannata, where they learn that you can't get something for nothing. The film was shot entirely on location in Pithoragarh, India.
